Back in 1915, Levi's formed an exclusive partnership with Cone Denim when it needed quality material to produce the shrink-to-fit fabrics for its Lot 501 jeans. To celebrate the 100-year-old agreement, which became known as "The Golden Handshake," Levi's Vintage Clothing released a commemorative Fall/Winter 2015 collection.

The new pieces are recreated from the original styles. Some of the standouts include a reproduction of the original 1915 Lot 501 selwedge denim jeans, a Lot 71 Sack Coat from the 1920s, and a wool shirt from the 1950s.

The collection is available to shop now at the Levi's webstore.
